## **FOR IMMEDIATE RELEASE**

Tuesday, August 18, 2015

### **TereoPneuma Registers Corporate Logo as a Trademark (U.S. Trademark No. 86/372,775)**

SAN DIEGO, CA August 18, 2015 - TereoPneuma, Inc., a CA based company, has announced that the United States Patent and Trademark Office has issued U.S. Trademark No. 86/372,775 for its corporate mark.

The corporate mark reflects the foundation of the company's founding product – The ReDe Mask™. The universal colors of green, yellow and red shows normal, alert and warning signs of respiratory states with the yellow and red in swirls of breath surrounding the normal green condition.

“We believe that the corporate logo speaks for itself when positioning the ReDe Mask™ for use in the medical industry. As TereoPneuma grows and releases new products in anesthesiology, the mark provides the bedrock for our initial philosophy to monitor and maintain normal respiration.” said Dr. Warren G. Young, President and COO of TereoPneuma, Inc.

#### **About TereoPneuma**

TereoPneuma is a privately held medical device company in San Diego, CA whose mission is to develop novel high technology products in the field of anesthesia. TereoPneuma is Greek for “observe breathing”. TereoPneuma's first product - the ReDe Mask™ - is a disposable, single use oxygen face mask and respiration monitor that simultaneously provides supplemental oxygen to patients while also detecting exhalation and displaying a visual signal of each exhalation. Further, it provides a visual warning signal when no breath is detected for 7.5 seconds, and a more vivid visual warning signal when no breath is detected for 20 seconds. Detailed information on the Company is available at [www.tereopneuma.com](http://www.tereopneuma.com).
